Savaria Lux & Prestige  
V-1504 Vertical Platform Lifts

V-1504

Choose the Savaria Luxury Framed (Lux) lift, or the Prestige Frameless lift for commercial settings including hospitality spaces, office buildings, places of worship, museums and art galleries or retail environments. Barrier-free access can also be beautiful – without design compromise.

LUX

### LUXURY FRAMED

Framed in 304 stainless steel finish No.4, with tempered or laminated quarter inch glass inserts, the Lux lift marries accessibility and beautiful design. This lift can be configured for travel of up to 10 feet with entrance and exit on the same side, or at 90 degrees for up to 4 stops. Add optional automatic features such as swing door or gate operators, add a full sized top landing door, or stainless steel gate.

### PRESTIGE FRAMELESS

Half-inch structural tempered glass with no visible frame makes this lift the ultimate statement in barrier free access in commercial settings. The Prestige can be configured for up to 6 feet (72") of travel with 2 stops. A full sized glass door is included for the lower landing with a half sized glass gate at the top. Customize the Prestige with a full sized top landing door or custom platform size.
